PRESERVING AND PROTECTING

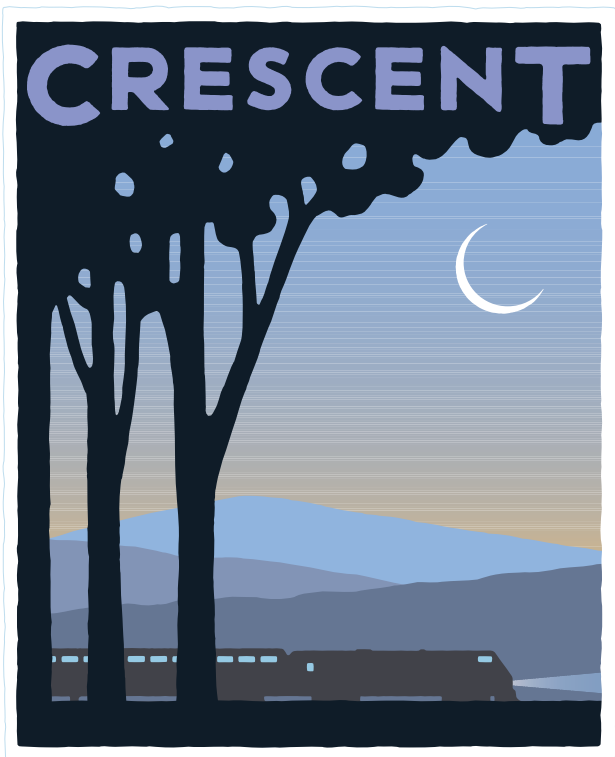

Virginia's Beauty

IS A JOB FOR ALL OF US

While you let Amtrak whisk you through a delightful kaleidoscope of urban and rural Virginia landscapes, pause to consider how you're doing your part to minimize the environmental impact

on these environments. On average, an Amtrak train carries twice as many passengers as a domestic airline flight – and that train uses 20 percent less energy per passenger mile than that flight

(and 28 percent less than your family car). Visit Amtrak.com and learn the many ways Amtrak is working to minimize its environmental impact.

SOUTHERN HOSPITALITY.

No matter where you climb aboard.

IT'S THE NICER WAY TO TRAVEL BETWEEN NEW YORK AND NEW ORLEANS. With comfortable accommodations, friendly service and our regionally inspired cuisine, the Crescent® offers all the charm of the South, even when it's in the Northeast. And like any Amtrak® train, it lets you avoid traffic, toll booths and gas stations, all while reducing your carbon footprint. So come on, y'all. Book today.
