## \*\* INFRASTRUCTURE RENEWAL AT NY PENN STATION

Amtrak will continue its Infrastructure Renewal program at New York Penn Station during Summer 2018 by performing critical reconstruction of three major railroad infrastructure assets in New York City: The Empire Tunnel and the Spuyten Duyvil Bridge, which provide train access between Upstate New York and Penn Station, and Track 19 in Penn Station, which will help provide commuters with more reliable service. From May 26 through September 3, *Maple Leaf* trains will utilize Grand Central Terminal instead of Penn Station for all service to and from New York City. Amtrak will not provide connecting transportation between Grand Central Terminal and Penn Station, which are about one mile apart. Taxis are available, or you may transfer by NYC Subway train (Shuttle train between Grand Central and Times Square, and the 1, 2 or 3 train between Times Square and Penn Station). Directional maps with information on how to transfer between Penn Station and Grand Central Terminal can be found at the Customer Service kiosk at Penn Station.
