Welcome Aboard!

On behalf of the 19,000 employees working to make your trip a great one, welcome!

Whether you're looking through this timetable for a train to take you to an important business meeting or to take the family on your next vacation, you're making a great choice. By serving over 500 destinations in 46 states, we offer the opportunity to connect with family, friends, colleagues and clients in a hassle-free, environmentally friendly manner. And we're working to make Amtrak even safer, greener, healthier and more connected.

One way we're doing that is by launching numerous infrastructure improvement projects across our system, many of which are in the Northeast Corridor. As we upgrade tracks, bridges and station platforms to allow for more pleasant and reliable service, we'll be shifting schedules in the region throughout the summer. To make sure we provide only the most up-to-date information, we have not published schedules for several services operating in the Northeast Corridor in this issue of the timetable. For real-time information on train service and fares, ask a ticket agent, visit Amtrak.com, or call us toll-free at 1-800-USA-RAIL.

We're also enhancing service in other regions of the country. Our Route Performance Improvement program aims to improve your travel experience by upgrading on-board amenities, introducing healthier menu options and ensuring equipment cleanliness.

If you're one of the millions of passengers who have traveled with us before, you know that passenger trains are unmatched when it comes to comfort and convenience. If you're new to Amtrak, don't be surprised by the relaxed and friendly atmosphere, and scenic views we offer. Either way, consider becoming an Amtrak Guest Rewards member to receive special fare offers and earn points toward free travel, hotel stays, car rentals and gift certificates by joining at AmtrakGuestRewards.com.

Thanks for choosing Amtrak. If there's anything we can do to improve your trip, don't hesitate to let one of our employees know.

Enjoy your journey!

Joe Boardman

President and Chief Executive Officer

NOTICE

This edition of the System Timetable does not include the Northeast Corridor. In our ongoing efforts to maintain and improve comfort and on-time performance, a series of maintenance operations is scheduled for the period covering this publication's validity. Because schedules will be adjusted as needed to accommodate this work, we will publish virtual schedules that are accurate and timely only on Amtrak.com. Our normal format for this timetable will return with the Fall/Winter edition.

HOW TO BOOK YOUR TRIP WITH AMTRAK

PLACING YOUR RESERVATION

To take advantage of the best fares, and to reserve the accommodations you prefer, it is best to book early. See pages 99-100 for everyday discounts. Amtrak will quote and price your travel at the lowest fare available at the time your reservation is made. Provide your Amtrak Guest Rewards® number at the time you make your reservation to earn points for future travel. If you change your reservation, it will be repriced at the best fare available at the time you make the change.

Get additional information and make reservations at Amtrak.com (credit card payment required), stop by any Amtrak ticket office or contact your Travel Agent. You can also make reservations 24 hours a day at 1-800-USA-RAIL; TDD/TTY service is available at 1-800-523-6590.

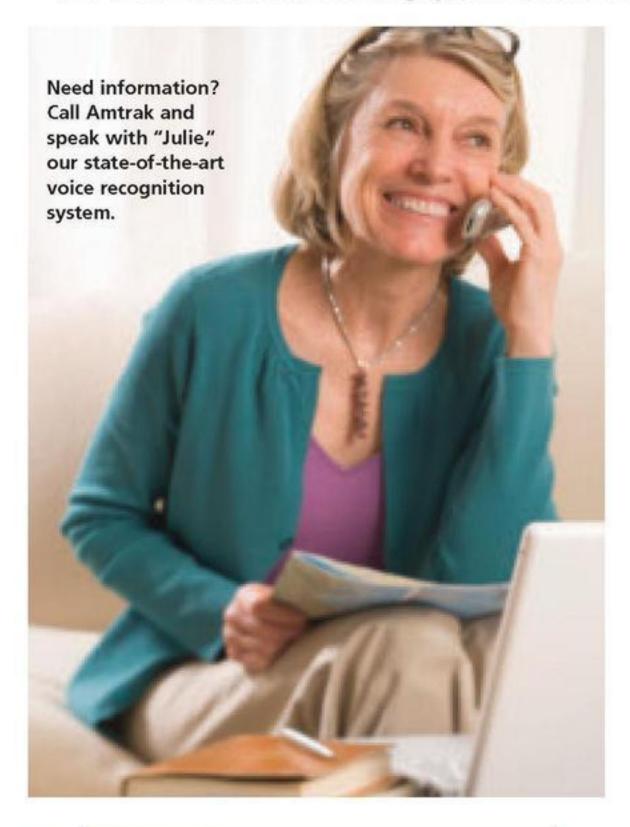

Reservations are subject to cancellation if not paid by the date assigned when reservations are made. A reservation may also be cancelled if you have not yet picked up your tickets or if you board at a station other than the one from which you booked your departure.

GET OFF THE PHONE FASTER! CALL AMTRAK AT 1-800-USA-RAIL AND SPEAK WITH "JULIE®"

No need to press buttons or wait for an agent. Just speak to Julie, the Amtrak automated agent. Using state-of-the-art voice recognition technology, the system hears what you say 24 hours a day, 7 days a week. Julie is standing by to take your call.

Use Julie to:

- Check train status
- · Check schedules and fare information
- Make a simple reservation
- Give credit card information for payment of reservation

Julie can be interrupted if you already know the answer to a question she is asking before she completes the question.

You can be transferred to an agent if you want to bypass the automated system by saying "agent" or pressing zero. If you are transferred to an agent, the information Julie has collected to that point is sent along with the call so that there is no need to repeat.

If you are modifying existing reservations, booking travel to Canada or on the Auto Train, making Sleeping car reservations or trips that require more than one connection in a direction of travel, you will need to talk with a live agent.

For all your other travel needs, Julie will assist you.

PURCHASING YOUR TICKET

You may purchase your Amtrak ticket with a credit card [MasterCard, Universal Air Travel Plan card (UATP), American Express, Discover and VISA] on Amtrak.com, over the phone at 800-USA-RAIL, at Quik-Trak kiosks and at ticket offices. Debit cards (using a PIN) are accepted at Quik-Trak kiosks and ticket offices, and cash is accepted at ticket offices. Personal checks are not accepted. If no other ticketing option is available, you may pay your fare to the conductor on the train. Credit cards (but not gift cards) and cash are accepted.

There are several options for purchasing your Amtrak ticket. When paying with a credit card, Amtrak accepts MasterCard, the Air Travel Card, American Express, Discover and VISA. Debit cards (ATM) are accepted at some ticket offices. You will be required to show acceptable identification when purchasing your tickets. Onboard ticket purchases are not accepted on many trains. Tickets may be purchased in person at any staffed Amtrak station. You may pay with your credit card or cash. Personal checks are not accepted.

PASSENGER ID POLICY

Amtrak passengers are required to provide acceptable identification when purchasing tickets, whether at the station or on board the train, and while checking baggage. Valid acceptable identification includes: valid state-issued photo driver's license; state-issued photo ID for non-drivers; passport; government agency ID and other specific forms of identification. Ask agent for details.

Amtrak, in compliance with the Federal Transportation Security Administration (TSA), has a random passenger identification verification policy on board trains. Adult passengers (18 years and older) are randomly asked to produce acceptable identification by conductors onboard. The random identification checks are based on a passenger's ticket number.

CANCELLATIONS

Many tickets are refundable before travel begins; a refund service charge normally applies, or you may in most cases apply the value toward future travel without a service charge. Some discounted tickets are non-refundable once purchased. Sleeping accommodations cancelled fewer than seven days prior to departure (but before actual departure) are non-refundable but the value may be applied toward future travel within one year. If Sleeping car reservations are not cancelled prior to travel, customer will forfeit accommodation charges. Exceptions exist for late trains. Please see page 106 for further information.

BEFORE YOU GO

Verify your departure time: Before going to the station, it's a good idea to verify departure and arrival times for your train. Call 1-800-USA-RAIL or visit Amtrak.com.

SUMMER MAINTENANCE

About this Timetable

n our ongoing efforts to enhance on-time performance and ride comfort, Amtrak is undertaking a major track maintenance initiative that will result in schedule adjustments over the validity period of this publication.

Therefore, so that we may ensure that only the most accurate information is made available to our passengers, the following, one-time only arrangements will be in effect from May 11 until the work is completed in October.

Our printed schedules for trains operating within the Northeast Corridor between Boston and Newport News do not appear in this timetable. Regional schedules in the form of virtual-only Wallet Cards will be posted on Amtrak.com and are identified by these alpha-numeric designators:

- W-2 Washington-Philadelphia-New York
- W-4 Boston-New York-Virginia
- W-5 Springfield-Hartford-New York-Washington

We hope that you will pardon our dust – your patience and understanding will be rewarded with an even better experience in the near future. We will return to our regular presentation of printed schedules with the Fall/Winter publication of our Fall/Winter, 2009-2010 System Timetable and our Fall edition Wallet Cards. If you have any question about your particular train, please visit Amtrak.com or call 1-800-USA-RAIL.

About our service

Our Acela Express® and Northeast Regional™ trains will continue to offer our unique downtown-to-downtown friendly service and onboard amenities that have made Amtrak your choice for travel over competing modes for many years.

For example, both business and leisure travelers prefer our convenient schedules between Boston and Newport News for its frequency, economy and – more important in today's world than ever – high efficiency and low carbon travel footprint.

You can make direct connections to three airports – Newark, Philadelphia and Baltimore-Washington – and our comfortable Thruway Motorcoach connections serve both Kennedy and LaGuardia airports in New York.

Special weekend fares apply in most cases as well, so you can get into training by exercising your right to both low fares and hassle-free travel without gasoline, wear and tear.

Thanks to new technology, you can now access Amtrak.com from your BlackBerry®, Treo™ or webenhanced phone. Want to check on your train's status, book a reservation, cancel a reservation or access your Amtrak profile? It's easy with Amtrak mobile access on the go!

Avoid those crowded road stop food establishments!

Most trains offer meals and snacks, and our Acela First

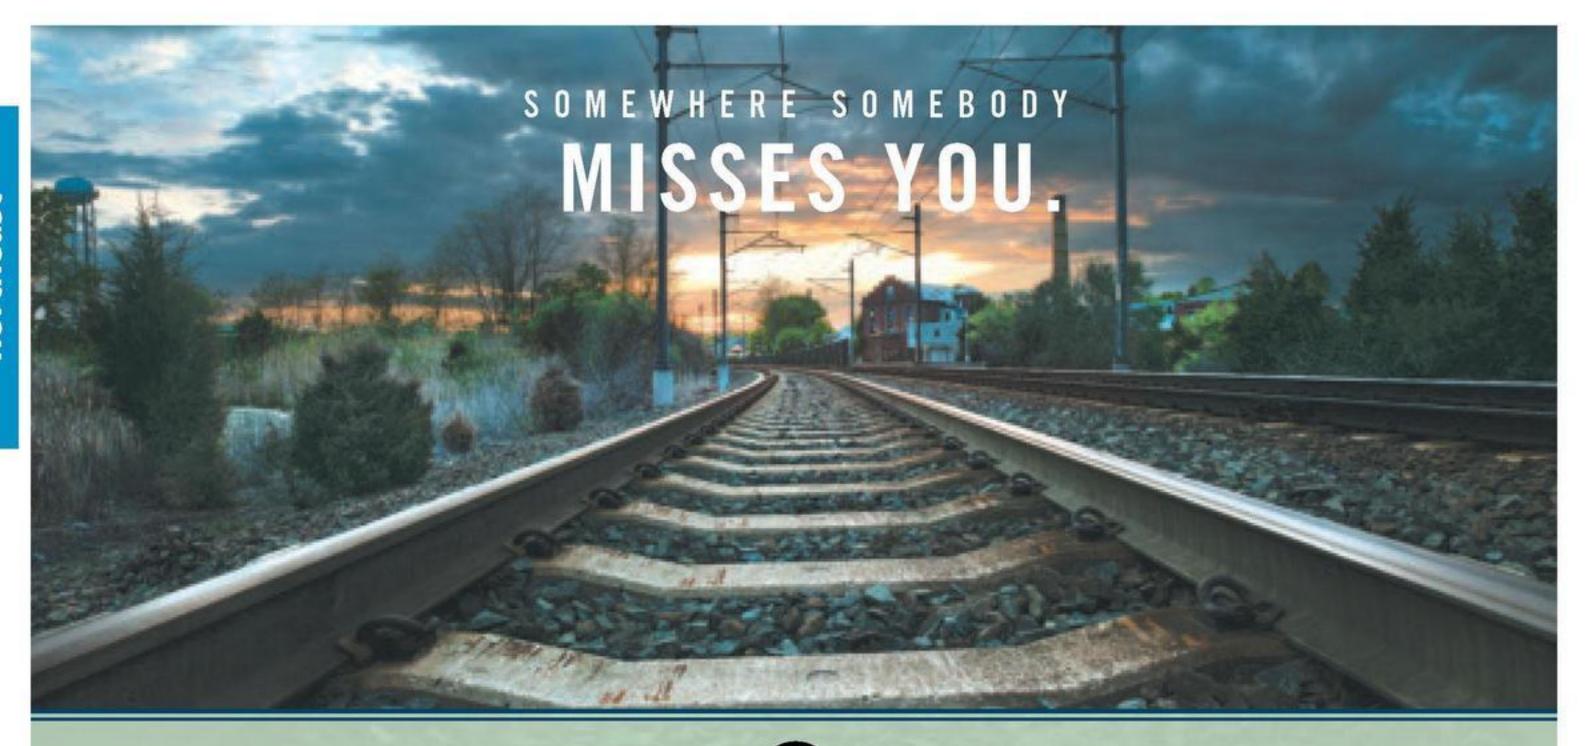

Class gives you at-seat hot meal and beverage service.

For lighter fare, try our new at-seat cart service for

"a la cart" choices.

We also offer connecting services at both north and south ends of our services, along with arrangements for shuttle, limo and ferry operators for the ultimate in convenience to expand your choices all along our route.

So click or call today and start your rail experience on Amtrak's Northeast Corridor!

Chances are there's someone special to you in another town you don't get to see as often as you - or they - would like. With

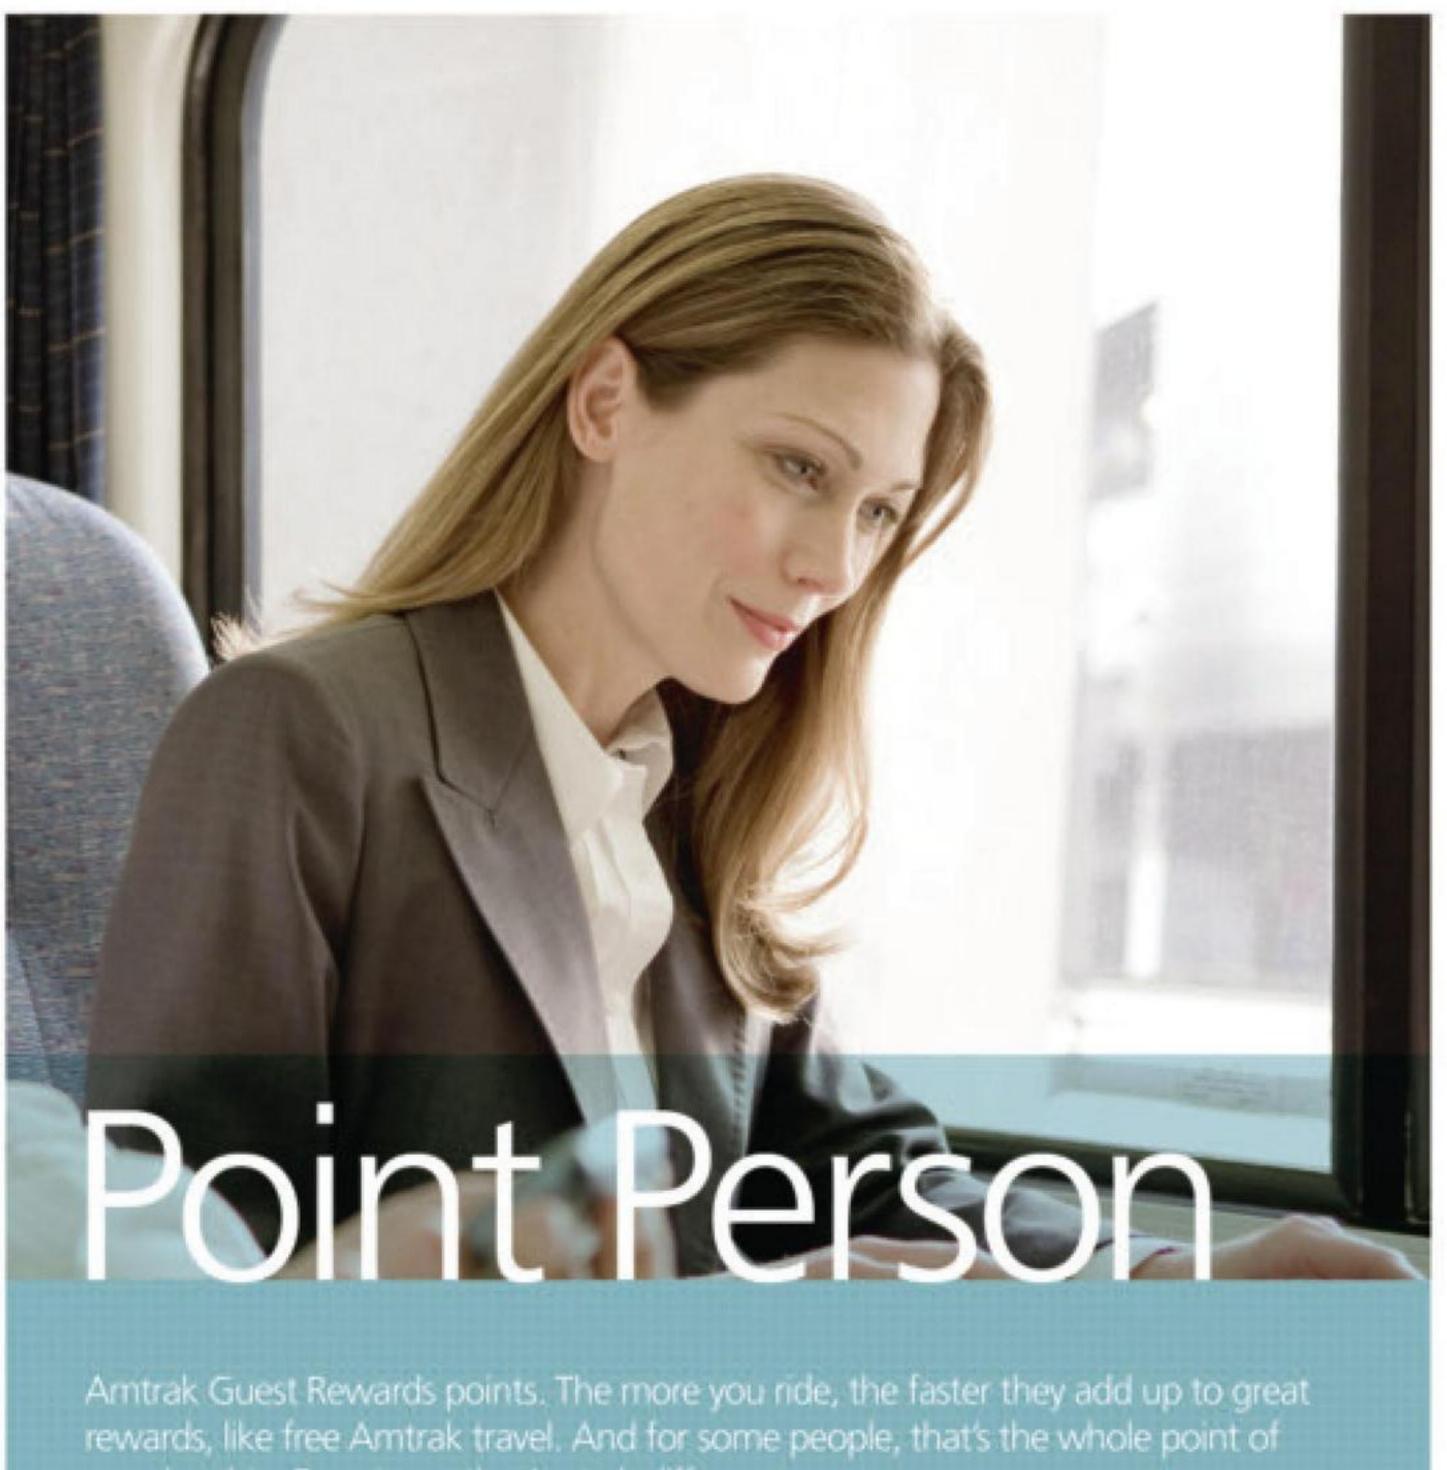

over 45 stops in towns big and small, the Northeast Regional** really is the way to take the easy road to friends and family.

To connect to Amtrak at Back Bay, take the MBTA ORANGE subway line between North Station and Back Bay Station. It takes approximately 15 minutes to make the connection. If you have a lot of luggage, you may wish to take a taxi between North Station and South Station. Taxis are usually located outside North Station. The one mile transfer will cost approximately \$10-\$15.

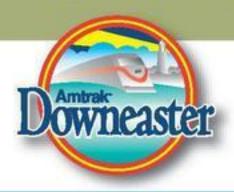

Train Host Program

In a cooperative effort with Train Riders/ Northeast, volunteer train hosts assist passengers with travel information and transportation connections for stations along the route.

SUMMER MAINTENANCE

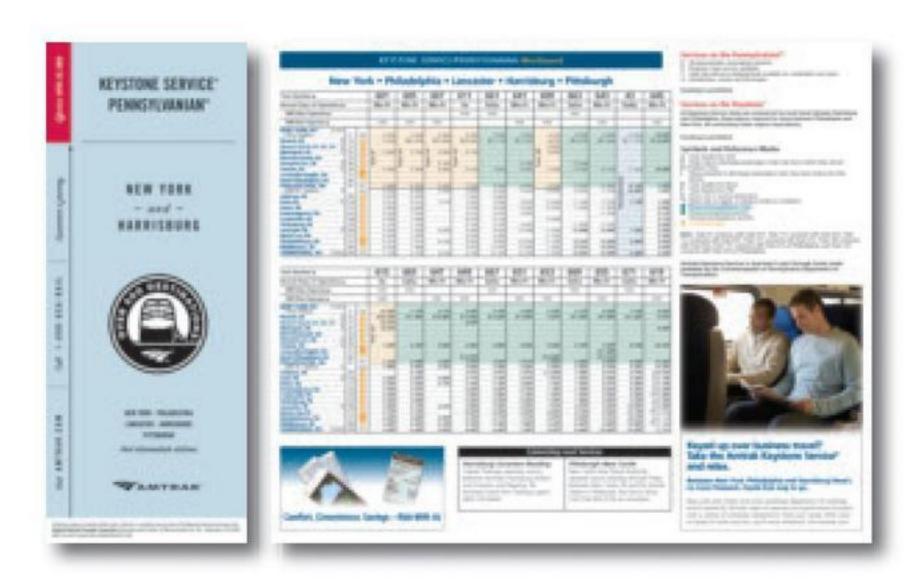

About this Timetable

n our ongoing efforts to ensure on-time performance and a more comfortable ride for our valued passengers, we have undertaken an extensive track maintenance program that will result in several unavoidable schedule adjustments for **Keystone Service®** during the validity period of this timetable.

Therefore, we have chosen to accommodate these changes by implementing the following one-time only arrangements.

This edition of the Amtrak System Timetable does not contain the customary **Keystone** Service® schedule. The schedule can be found online at Amtrak.com under the routes section, identified by the designator W-10.

We will resume print publication of these train schedules, both in our System Timetable and as stand-alone schedules, effective with publication of our Fall/Winter edition of 2009/2010. You may always visit Amtrak.com or call 1-800-USA-RAIL for the most accurate and up-to-date information.

About the Keystone Service

Between the bustle of New York and the Pennsylvania State Capitol dome at Harrisburg lies rich scenic and political heritage right outside of your train window.

Relax in your wide, reclining coach seat as Central Pennsylvania glides by, from wooden bridges and horsedrawn buggies to rustic barns and the sights of 18th century ways of life still followed by the rural Dutch, Amish and Mennonite populations. Patchwork quilts of land dotted with farmers tending their fields reveal a slower, easier pace of life – and it's all a short, smooth ride from the cityscapes of the Amtrak Northeast Corridor, New York and Philadelphia. Stop at the Civil War battlefield at nearby Gettysburg, visit quaint Lancaster, or sample chocolate at Hershey Park – it's all available in an average Amtrak day on the Keystone Service!

SUMMER MAINTENANCE

About this Timetable

In order to provide our valued passengers with the most timely and comfortable service possible, we have undertaken an extensive track maintenance project that will unavoidably alter our regular schedules several times during the validity period of this timetable.

Accordingly, we have chosen to implement special, one-time arrangements. This edition of the Amtrak System Timetable does not contain the customary schedules for Amtrak Empire Service® and Maple LeafSM trains. They can be found at Amtrak.com online by clicking on Routes and the designator W-8.

We will resume print versions of these schedules in the System Timetable and as standalone Wallet Cards effective with publication of our Fall/Winter 2009-2010 schedules in October. Please visit Amtrak.com or call 1-800-USA-RAIL for the latest information.

About the Empire Service

Between the dazzle of New York and Canada's largest city, Toronto, lie dramatic geological formations, the famous Catskills, Revolutionary War battlefields and the beauty of Niagara Falls – visited by ten million people annually.

The falls, composed of two major sections, are separated by an island on their American and Canadian sides – Horseshoe Falls and American Falls. Its reputation as a honeymoon retreat was promoted by the former New York Central Railroad in the years following the Civil War.

See it all from the comfort of your wide, reclining coach or Business class seat while avoiding gas stations and traffic headaches on one of our frequent daily departures from Manhattan, Schenectady, Albany, Buffalo and other cities.

With great scenery, room to stretch out and time to relax, what's not to like? Reserve your seat today!

routes in the east

omfortable, single-level passenger cars are found on most long-distance routes in the East*, offering all-reserved Coach seating or Viewliner Sleeping car accommodations. Relax in reclining Coach seats with foot and leg rests. Enjoy snacks, sandwiches and beverages in the Lounge car and full-service meals in the Dining car. For extra comfort, travel in the privacy of a Viewliner Sleeping car — they are priced as an addition to your rail fare. Choose from a Roomette or Bedroom. Each room provides comfortable seating by day. At night, your attendant converts your seats into a bed and a second bed folds down from the wall. The second row of windows in each room creates an atmosphere of space and provides easy viewing. Sleeping car passengers enjoy a number of amenities — compliments of Amtrak. Amenities include complimentary meals, morning wake-up coffee, tea and juice, morning newspaper and in-room bottled water.

SUMMER MAINTENANCE

About this Timetable

In order to improve our customers' travel experience by enhancing on-time performance and ride quality, Amtrak has undertaken an intense track maintenance initiative that will result in the unavoidable alteration of our VermonterSM schedules several times during the validity period of this timetable.

Therefore, we have chosen to accommodate these changes by implementing special, one-time only arrangements. With this edition of the Amtrak System Timetable, we have omitted the customary schedules for the Vermonter.

They may be found online at Amtrak.com under schedules, and are identified as P-55 Vermonter Panel Card. You may always call Amtrak at 1-800-USA-RAIL or consult your travel agent for the latest information.

We will resume our normal practice of including this route in our Fall/Winter, 2009-2010 System Timetable and will publish a printed version of the P-55 schedule at that time as well.

About the Vermonter

Both busy professionals and leisure travel veterans will delight in the sights – and services – on Amtrak Vermonter service between Washington and St. Albans.

Climb aboard in Washington, New York or any one of a number of Northeast Corridor cities and enjoy our friendly train attendants in either coach or business class accommodations. You'll be able to dine on sandwiches, snacks and beverages while New England's scenic views glide by.

In winter, there's snow-capped mountains and ski resorts to beckon...in summer, there's New England farm and forest landscapes, classic barns, acres of maple trees and miles of curving riverways.

Outside, a fox sits with prickled ears on a mountain... an eagle soars overhead...a moose snorts...with over 75 percent of Vermont forested, it's no wonder it's such a great place to observe nature in action from your comfortable seat on Amtrak.

Vermont means "green mountain" in French, but there's much more "local color" to be seen in this region. So click or call right away and reserve your seat on the Vermonter. You'll be glad you did!

Thruway Service

Amtrak offers convenient Thruway connecting motorcoach service to many cities in the Midwest where Amtrak trains do not go. Thruway Service has frequent daily departure times from Chicago to key cities in the five-state region of Illinois, Indiana, Michigan, Missouri and Wisconsin. And if you're headed north from Chicago, there's Thruway bus service from Milwaukee to Wausau on one route, and Kalamazoo to St. Ignace on the other route. Or you can go as far south as Louisville from Chicago. With hundreds of destinations from which to choose, getting there on Amtrak and Thruway connecting services makes your travel experience easier. Selected Midwest Corridor trains are financed and operated in partnership with the States of Illinois, Michigan, Missouri and Wisconsin.

If You're Keen on Going Green

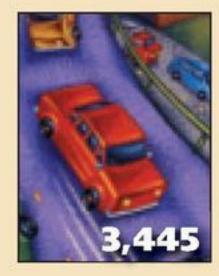

Amtrak Leads the Way!

Increased concern about our carbon footprint has led travelers to seek cleaner methods for transportation. How to get from point A to point B has never been more of an issue than it is today. How can we balance our travel needs and the environment while not adversely affecting our economy?

Rail travel is the answer.

ENERGY USED IN BTUs*

Rail travel is more energy efficient, using less fuel per passenger mile than cars or airplanes. And that's not all. Visit Amtrak.com to learn about other changes Amtrak has made to conserve energy.

*BTU stands for British Thermal Unit, a standard unit of energy. Figures listed refer to BTUs used per passenger mile.Amtrak.com

Julie is the voice of Amtrak's automated voice recognition system
when you dial 1-800-USA-RAIL. Twenty-four hours a day, seven
days a week, Julie is standing by, ready to take your call. She'll help
you with arrival and departure times, schedules and fares — even
booking your tickets. You won't have to wait on hold. Just call
1-800-USA-RAIL and tell her what you need. Julie will help you
quickly and efficiently. She even gives you the option to purchase
your ticket with a credit card. If you require special assistance, you
can bypass Julie by saying "agent" or pressing zero.

Acela Express®

Travel in style on Amtrak Acela Express, which offers premium service between Boston, New York and Washington, DC. Operating with high-speed trains that feature an advanced tilt system, Acela Express reaches speeds up to 150 mph (240 km/h). With limited stops, Acela Express is ideal for travelers who place a premium on their time. Acela Express offers reserved First class and Business class seating with upscale business amenities and courteous, professional service. Traveling First class, passengers enjoy one- and two-seat configurations, large tray tables and at-seat food service featuring complimentary fine cuisine and beverages plus hot towel service. Business class features comfortable seating with plenty of legroom, adjustable reading lights, large tray tables and electrical outlets. Additionally, conference tables with seating for up to four provide the perfect atmosphere for conducting business en route. A bistro-like Café car offers an extensive menu, pedestal seating and large picture windows for enjoying the view. Extra-large enclosed overhead storage compartments are also available in each car.

Northeast Regional[™]

Northeast Regional services offer Coach class accommodations with reclining seats, fold-down trays for snacks or paperwork and overhead reading lights. There is room for your baggage in overhead racks. Business class passengers will enjoy more legroom, and receive complimentary non-alcoholic beverages in the Café car. Most Northeast Regional and all Acela trains also feature a Quiet Car (see page 105).

All passengers are invited to visit the Café car, which features deli sandwiches, healthy snacks and beverages.

Long-Distance Trains:

Amtrak's long-distance trains are designed to give passengers a comfortable and pleasant travel experience both by day and overnight. They consist of three equipment types: Superliner, Viewliner and Amfleet® II. All are designed to make your travel experience a relaxing cross-country journey.

Superliners[®] are bi-level cars with wide panoramic windows for enjoying the scenery of America's landscape. Superliners include Sleeping cars, Coach cars equipped with comfortable seats that recline for sleeping at night, Dining cars, Lounge cars and Cross County CaféSM cars. See page 60 for room sizes.

Viewliners[®] are single-level Sleeping cars with a second row of windows in each room creating an atmosphere of space and easy viewing. See page 36 for room sizes.

Amfleet II are Amtrak's long-distance single-level Coach cars that have two comfortable reclining seats on each side of the aisle, with plenty of legroom, fold-out tray tables and adjustable foot rests. All seats feature individual reading lights and overhead luggage racks. All coaches have two restrooms at one end of the car for added comfort and convenience.

Auto Train®

For those passengers traveling between Lorton, Virginia, and Sanford, Florida, *Auto Train* with its *Superliner* equipment takes you and your car (or van, motorcycle or SUV) there non-stop. Whether beginning your journey in Lorton, Virginia or Sanford, Florida, relax and enjoy your travel time rather than drive I-95. Major attractions in the Northeast, and Florida beaches and amusement parks, are just a short distance drive from the *Auto Train* stations.

Thruway Service

Thruway Service is a convenient way to reach many cities not served by rail. Thruway connections provide coordinated train/motorcoach service with connections at the Amtrak station (in most cases), as well as through fares (on most services) and ticketing. Thruway service must normally be booked in conjunction with train travel. Customers traveling on Thruway connecting services must be ticketed before boarding the coach in order to obtain through fares. Tickets may be purchased at Amtrak stations, travel agencies or via ticket-by-mail (by calling 1-800-USA-RAIL). Except where identified as "Amtrak Thruway," Amtrak acts only as the selling agent for connecting carriers and disclaims liability for travel performed over other carrier lines. Such other carriers may provide vehicles which are not accessible to passengers who use wheelchairs; consult Amtrak for details. Connecting service to other carriers cannot be guaranteed. Thruway services are identified by gray shading in the schedule tables. The w symbol next to a city name in a schedule table indicates that either connecting Thruway or other carrier's service is available to this destination, and information about this connecting service appears on the same or an adjoining page.

→ Airport Connections

Several Amtrak stations (BWI Thurgood Marshall Airport, Newark Liberty International Airport, Milwaukee General Mitchell International Airport, etc.) are adjacent to airports with connecting service provided by the airport. Others, especially in larger cities, have a variety of transfer options available between the station and the airport. Contact Amtrak for transfer information at a particular station.

Connecting Local Services

This timetable describes selected connecting services provided by carriers other than Amtrak to additional destinations not served by Amtrak or by connecting Thruway Service. Service may operate from a different terminal than Amtrak. Individual carriers' fares and policies apply. Contact an Amtrak agent or the individual carrier listed for more information.

Charter Services

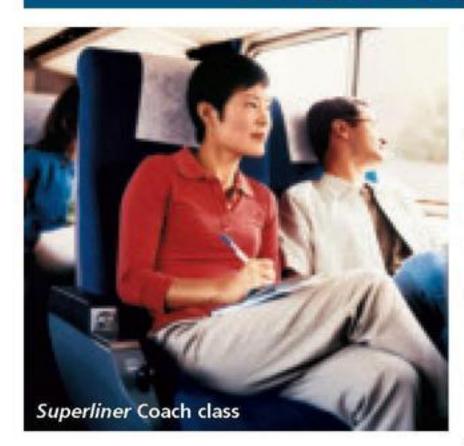

Amtrak Charter Services can accommodate your group or organization with a private departure to a variety of destinations. We can even tailor the equipment and onboard service to meet your needs. For more information, call 1-800-USA-1GRP.

Host Railroads

Outside of the Northeast Corridor, Amtrak passenger trains operate over lines owned by freight and commuter railroads and terminal companies. Amtrak personnel operate the train over the host railroads who provide and maintain the railroad facilities. Each geographic section of the timetable includes the host railroads near the section map, along with any available Thruway services.

On select routes, Cross County Café features all-day casual food service.

Lounge and Café cars

☐ Carryout style food service, featuring soup and salad, pizza, sandwiches and other snacks and beverages, is available on most trains in Lounge or Café cars.

Lounge cars offer comfortable, casual seating for sightseeing and socializing and have tables for writing or playing cards and other games. The Lounge car is the place for onboard entertainment on certain trains — see the Services listings in this timetable for details. Lounge and Café cars offer sandwiches, snacks and beverages from early morning to late evening. Hours of operation of food service cars vary depending on train operation.

Quiet car*

Many Northeast Corridor and *Hiawatha Service* trains have a Quiet car where customers are asked not to use cellular phones, pagers or the sound feature of laptop computers, and to speak only in subdued tones. This provides a quiet atmosphere for those who want to work or rest without distractions and is a leisure service that is not provided on air shuttles. Seating is first-come, first-served and cannot be reserved specifically.

Announcements are made in stations and on board trains as to the location of the Quiet car or you can ask a member of the train crew.

Entertainment/Education Programs

Video entertainment is offered for your viewing pleasure on the *Auto Train* and the *Amtrak Cascades*.

Seasonal presentations and on board commentary are offered on select Amtrak trains by volunteer rangers of the National Park Service through Amtrak's Trails & Rails program. On the California Zephyr seasonal guide presentations are given by the California State Railroad Museum. On the Carolinian and Piedmont volunteer hosts provide information about points of interest within the state of North Carolina.

ॐ Bicycles

Amtrak carries bicycles as checked baggage between all cities where checked baggage services are offered. There is a service charge, and the bicycle must be in a box or other container. Amtrak has bicycle boxes for sale. Bicycles are welcomed as carry-on baggage on certain trains provided with tie-down racks for securing them. On some of these trains, they must be reserved at a modest charge.

Red Cap Service

Baggage assistance is provided free of charge by uniformed Red Caps at many major stations. All baggage handled by Red Caps is protected by a claim check. Amtrak recommends that you accept assistance only from a uniformed Red Cap and that you demand claim checks for each piece.

Amtrak Express[®] Shipping Service

Amtrak offers shipping service to more than 100 cities nationwide at downtown locations. Low rates make Amtrak Express less costly than air transportation yet faster than less-than-truckload shipping. Visit Amtrak.com/shipping or call 1-800-377-6914 and consult with agent for rates, schedules and restrictions. (This number does not provide passenger information.)

Special Assistance and Station Accessibility

Schedules in this timetable provide information on the accessibility of station facilities to individuals with mobility impairments:

indicates that all available station facilities are fully accessible to persons using wheelchairs, and there are no barriers to access between the station and any of the trains shown in this particular table.

indicates barrier-free access between street or parking lot, station platform and all trains in this particular table; however, not all facilities within the station are fully accessible.

If neither of the above symbols appear in a given table, there may be barriers to access between the street/parking lot and the station building or the trains. Call 1-800-USA-RAIL for more information.

Amtrak is committed to making travel accessible for passengers with disabilities, seniors and others who have special needs such as a wheelchair, special food service (72 hours advance notice needed) or baggage assistance. Please call 1-800-USA-RAIL as far in advance of travel as possible. TDD/TTY service is available at 1-800-523-6590. For specific information on Amtrak's services for passengers with disabilities, ask for our Access Amtrak brochure, or consult our web site at Amtrak.com.

Quik-Trak[™] Self-Serve Ticketing Kiosks

Self-serve ticketing kiosks are available at most major stations. Purchase must be made with a major credit card or debit (ATM) card. Customers may purchase Coach class tickets to any city listed on the kiosk. Purchase of tickets for previously made reservations requires entering the reservation number.

Tickets purchased online through Amtrak.com can be picked up at a Quik-Trak self-serve ticketing kiosk at major stations. A bar code, a Quik-Trak image and instructions, and your reservation number appear on your confirmation page that is displayed after you complete your Amtrak.com booking. Print this page, bring it with you to the station, and wave the bar code in front of the reader on the kiosk, which is just below the keypad. Your reservation will immediately display, without the need to enter the number or use a credit card to access the kiosk. Just push "Print Tickets" and you're on your way in seconds. If you do not have a receipt with a bar code, you may access your reservation by inserting your credit card (or your Amtrak Guest Rewards card, if your membership number is in your reservation) then, if necessary, enter your reservation number. If your reservation is already paid, your card will not be charged again.

Security

Amtrak has undertaken heightened security measures for the benefit of our customers. Among these measures, Amtrak customers are required to provide acceptable identification when purchasing/obtaining tickets—whether in stations or on board trains—or checking baggage.

Acceptable forms of identification include a valid driver's license, passport, government agency I.D. and other specific forms of identification. Ask agent for details.

Amtrak has in place a range of behind-the-scenes and front-line security measures aimed at improving passenger rail security, some of which are conducted on an unpredictable or random basis. These include uniformed police officers and K-9 units in stations and on trains, Mobile Security Teams, checked baggage screening, onboard screening, security cameras and investments in state-of-the-art security technology. Passengers may also be randomly selected to show identification aboard trains, even after they've shown identification earlier when obtaining their tickets.

Please be advised that randomly selected passengers and their baggage, handbags, backpacks or other personal items may be screened or inspected. The inspection will be completed as quickly as possible — usually less than a minute — in a manner designed to respect passengers' privacy as much as possible. Passengers who decline to consent to security procedures will be denied access to trains and refused carriage, and a refund will be offered.

For their safety and security, passengers should remember to be aware of their surroundings, keep all personal items secure and in close proximity and not to approach or pet police dogs. Any suspicious activity or unattended luggage should be reported to Amtrak Police or personnel, or by calling 1-800-331-0008.

Photography and Video Recording

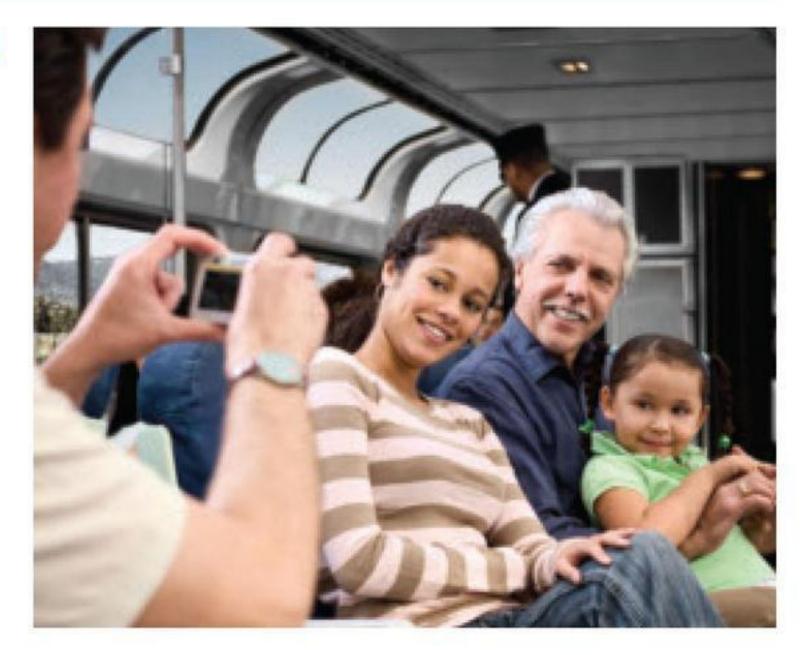

Photography and video recording on Amtrak's public accessible properties, on trains and in stations is allowed by the general public. Commercial and special photography requires explicit authorization from Amtrak. Ticketed passengers only are allowed to photograph or video record train exteriors, train interiors (with direction from onboard personnel) and train platform areas. Emergencies, declared elevations of Homeland Security Advisory levels, other special circumstances or reports of suspicious activity can result in inquiries by Amtrak Police and Security personnel. These activities are strictly prohibited in areas restricted to the public by signage, physical barrier, etc. Penalties for noncompliance can include arrest and confiscation of photography equipment. Further information is available by visiting Amtrak.com or by calling Amtrak at 1-800-USA-RAIL.

Reservations

Julie, Amtrak's automated customer service agent, answers Amtrak's toll-free reservation numbers listed on page 2, 24 hours a day. TDD/TTY service for deaf and hard of hearing persons is also available 24 hours a day. You may also make reservations at our website, Amtrak.com. Reservations confirmed this way require advance payment by credit card at the time they are made.

Reservations are required for all First class, Business class, Sleeping car and accessible accommodations. The "Services" information for each train in this timetable will indicate whether reservations are required for Coach class travel. Seat reservation guarantees a seat but not a specific space. Reservations are subject to cancellation if not paid by the date assigned when reservations are made. Take advantage of our advance payment option to pick your tickets up at your boarding station on the day of departure if that station has an open ticket office or a Quik-Trak self-serve ticketing kiosk or to have the tickets mailed to you if a ticket office is not available. A reservation may also be cancelled if you have not yet picked up your tickets and board at a station other than that from which you booked your departure, or if you no-show for any train or bus in your reservation, no matter how short the trip. Please let us know in advance if you need to make any changes to your reservation.

Station Ticketing Services

You may obtain your tickets from Amtrak agents at many of our stations; unless otherwise noted on the schedule tables in this timetable, an agent is on duty at least 30 minutes prior to the

departure of each train or Thruway motorcoach shown in the particular table. Note that where a ticket agent is on duty, a substantially higher rail fare will be collected from each passenger who boards without a ticket and pays his or her fare on board. At some stations with open ticket offices, payment on the train is not permitted.

Passengers must be 15 years of age or older and possess acceptable identification in order to purchase Amtrak tickets for themselves. Stations that offer ticketing services are indicated in this timetable as follows:

- Ticket office open for all train departures.
- Ticket office/checked baggage not open for all departures.
- Tickets cannot be purchased at this location except where a Quik-Trak self-serve ticketing kiosk is available.

Prepaid Ticket Sales

You may purchase tickets at any Amtrak ticket office for pick-up at any other Amtrak ticket office. A non-refundable service charge may apply.

Paying For Your Tickets

Cash: United States paper money and coins are accepted at all stations and on trains. Canadian paper money is accepted on trains to and from Canada and at stations that serve those trains. Canadian coins are not accepted except on the Maple Leaf between Toronto and Niagara Falls, Ontario.

Credit Cards: Amtrak accepts MasterCard, Discover, Visa, American Express and UATP (Universal Air Travel Plan) credit cards at all station ticket offices, Quik-Trak self-serve ticketing kiosks, on Amtrak.com, and by telephone at 1-800-USA-RAIL. Mastercard, Discover, Visa and American Express are also accepted onboard all trains for ticket and food purchases. The Universal Air Travel Card is also accepted at ticket offices and Quik-Trak kiosks in the United States, on trains for ticket purchases only, and at most travel agencies. Amtrak does not accept credit cards that are not signed on the back with the signature of the person whose name is embossed on the front, or if the signature on the ticket or charge document does not match the signature on the back of the card.

Debit cards with a credit card logo ("check cards"): At station ticket offices and at Quik-Trak kiosks the customer has the choice to use it as a credit card transaction (with a signature) or as a debit transaction (with a PIN). On trains they are accepted as credit card transactions only.

Debit cards without a credit card logo (ATM cards): These are accepted at station ticket offices and Quik-Trak self-serve ticketing kiosk only. A PIN is required.

Gift cards and other prepaid cards with a credit card logo: These are accepted only when the transaction can be electronically validated: at station ticket offices, at Quik-Trak kiosks, and on trains for food purchases. They are not accepted for ticket purchases on trains or in any situation where the transaction cannot be electronically validated. Refunds will be made back to the gift card, so be sure not to dispose of it once you have used up its value until you are certain that you will not return anything that was paid with it.

Travelers cheques: Amtrak accepts American Express and Visa travelers cheques. The maximum U.S. dollar denomination is \$100. The second signature on the travelers cheque must be made in the presence of the employee accepting the cheque.

Personal checks: Amtrak does not accept personal checks, except by prior arrangement for group travel. Contact the Amtrak Group Department for details.

Money orders and cashier's checks: Amtrak accepts only US Postal Service money orders, and cashier's checks issued by local banks in U.S. dollars. Acceptable identification is required. The money order or cashier's check must be payable to Amtrak, and the maximum amount of change given is \$20. Refunds are not given at stations but will be sent by mail from the Philadelphia refund office.

Company and government checks: Amtrak accepts U.S. dollar checks from known companies and from government agencies. The person presenting the check must show both personal identification and identification proving that he or she is an employee of the company or government agency.

Refunds

Refund Options: Once the value of a refund has been determined, as described in the following paragraphs, passengers have two options on how to receive the refund value:

- Passengers may receive the **full** calculated refund value in the form of a non-refundable exchange voucher valid for future travel purchases, or...
- 2) Passengers may receive the calculated refund value, less a 10% refund service charge, in the form of cash, check or credit to credit card, depending on the form of payment that was used for the ticket being refunded. The maximum amount of the service charge will be \$100 per refund transaction on any single reservation (Passenger Name Record).

Refund Calculations: Refunds will be calculated separately on each component of the total charges, as described below.

Rail Fare: Most tickets are refundable before travel begins. In most cases, partially used tickets may be returned for a partial refund. Some **discount** tickets are non-refundable once purchased.

First class Seat Charges on Acela Express Trains; Business class Seat Charges on Other Trains: Refundable if reservations are cancelled at least one hour prior to departure. If not cancelled by one hour prior to departure, the seat charge amount will not be refundable but it may be applied to future Amtrak travel purchases. The First/Business class accommodation charge may be refunded, however, if the passenger chooses to cancel because the train is one or more hours late at the boarding station.

Sleeping Accommodation Charge: Refundable if Sleeping car reservations are cancelled at least seven days prior to departure. If cancelled fewer than seven days prior to departure, but before actual departure, the accommodation charge is not refundable but may be applied to future travel purchases by issuance of a non-refundable exchange voucher. If not cancelled before actual departure ("no show"), the accommodation charge is neither refundable nor may it be applied to future travel. The sleeping

accommodation charge may be refunded, however, if the passenger chooses to cancel because the train is two or more hours late at the boarding station.

Vehicle (Automobile, Van, Motorcycle and Bicycle) Accommodation Charge: Refundable at any time.

Multiride Tickets: Refunds of multiple-trip tickets (monthly, 10trip, 6-trip, etc.) are limited or not allowed once the validity period has begun or after the first trip has been taken. Consult Amtrak for details.

Time Limits: An Amtrak ticket becomes non-refundable, not valid for carriage and has no exchange value, one year from its date of issue (or other period if so endorsed on the ticket). An exchange voucher is valid for one year from date of issue, and may be renewed provided this is done before its expiration date.

On-Board Refunds: Passengers who downgrade accommodations or reduce the number in their party on board trains must obtain a Refund Authorization Form (NRPT 27) from the conductor; actual refundability, if any, will be determined by the rules that apply to the ticket purchased.

Must Return Original Tickets: Cancellation or change of reservations does not generate a refund (except for unticketed Advance Payment reservations); the actual original unused or partially used ticket (not a photocopy) must be submitted.

Where to Obtain Refunds: Most refunds can be processed at Amtrak ticket offices, depending on the type of ticket and the form of payment. Exceptions do exist; please ask for details. Tickets purchased at a travel agency must normally be returned to that agency; however, Amtrak will process travel agency ticket refunds caused by a downgrade or a service disruption.

Mail Refunds: Amtrak can process your unused ticket refund by mail. Send original tickets via certified mail with return receipt requested to: Amtrak Customer Refunds, Box 70, 30th St. Station, 2955 Market Street, Philadelphia, PA 19104-2898.

Baggage and Express Service

Carry-On Luggage: Carry-on luggage is limited to two pieces per passenger. Luggage may not exceed 50 lbs. (23 kg) per piece and must not exceed the dimensions of a moderate-sized suitcase (28" x 22" x 14" or 700 mm x 550 mm x 350 mm). On the Pacific Surfliners, carry-on luggage may not exceed 28" x 22" x 11" (700 mm x 550 mm x 280 mm). All carry-on luggage must be visibly tagged with the name and address of the person traveling with the baggage. Free name tags are available at most staffed stations. The following items are not subject to the two-item-per-passenger limit: purses, briefcases, laptop computers, cosmetic cases, baby items such as car seats, diaper bags and strollers, and equipment required for a passenger's medical condition such as breathing assistance devices and oxygen tanks (consult Amtrak for size and weight limit on oxygen tanks). Amtrak disclaims liability for carry-on baggage and any other item brought onto trains. See the "prohibited items" section for additional information about what may not be brought onto trains.

Note: When transferring to local services, no assistance is offered in transferring luggage. Please pack accordingly.

Checked Baggage Service: Amtrak offers checked baggage service at many stations and on many trains and Amtrak Thruway motorcoaches throughout the country. Trains and stations that handle baggage are indicated in this timetable. Each ticketed passenger may check three pieces, not to exceed 50 lbs. (23 kg) per piece, or 36" x 36" x 36" (900 mm x 900 mm x 900 mm) at no charge. Passengers are required to show acceptable identification when checking baggage. All baggage must have identification tags attached that include passenger name and address. A maximum of three additional pieces will be accepted upon payment of a surcharge. Oversize items checked to destinations served by connecting Thruway motorcoaches offering checked baggage are subject to delay; tandem bicycles are not handled on these services.

Overweight or oversized items, except for special items such as bicycles, will not be accepted. Small shipping boxes may be purchased from Amtrak to redistribute contents to reduce weight.

Checking Baggage: Baggage checked less than 30 minutes prior to departure (one hour for bicycles that need to be boxed) may be delayed. Allow additional time at larger stations, during busy travel times, or if you also need to obtain tickets. Pack your baggage using sturdy luggage or containers able to withstand normal handling (thin suit bags without handles, plastic storage containers, etc., are not acceptable), and attach your name and address to each item; free identification tags are available at staffed stations. Traveling with luggage? Here's a handy condensed version of Amtrak's check baggage rules and carry-on luggage guidelines to help you plan ahead:

- Where checked baggage service is offered, three pieces of baggage (max. 50 lbs./23 kg each) per passenger is allowed. Additional baggage may be checked for a modest charge.
- Carry-on baggage is limited to two pieces (max. 50 lbs./23 kg each) per passenger. Purses, briefcases, laptops, baby strollers and car seats do not count toward this limit.
- Dangerous, hazardous and illegal items, including all firearms and weapons of any type, are prohibited.
- All baggage must carry an ID tag with the passenger's name and address. Passengers checking baggage must show acceptable identification.

See above for further details.

For complete baggage policy, visit Amtrak.com or call 1-800-USA-RAIL.

boxes and shipping boxes are available for purchase at stations that accept checked baggage.

Claiming Baggage: Checked baggage will be available for claiming generally within 30 minutes of arrival. However, some items may require additional handling and, therefore, may take up to 60 minutes. Always identify your baggage by the claim check numbers. Amtrak will collect your claim checks when you receive your checked baggage. Storage charges apply to baggage not claimed within two days of arrival.

Special Items and Bicycles: Amtrak accepts a number of special items such as baby strollers, bicycles, golf bags, musical instruments, skis (one pair per bag), etc. In most cases there is a handling charge. Bicycles must normally be in containers provided by the passenger or Amtrak. Certain trains, identified in this timetable, can handle bicycles not in containers; a reservation for this space is usually required for which a nominal charge is made.

Prohibited Items On Board and in Checked Baggage: The following kinds of items are prohibited as both checked and carry-on baggage:

- Any type of gun, firearm, ammunition, explosives, or weapon
- Incendiaries, including flammable gases, liquids and fuels
- · Large, sharp objects such as axes, ice picks and swords
- Corrosive or dangerous chemicals or materials, such as liquid bleach, tear gas, mace, radioactive materials, and harmful bacteriological materials
- Batteries with acid that can spill or leak (except those batteries used in motorized wheelchairs or similar devices for mobilityimpaired passengers)
- · Club-like items, such as billy clubs and nightsticks
- Animals (except service animals)
- · Oversized and/or overweight items
- · Any other dangerous or illegal item

The following items are prohibited in checked baggage, but may be carried onto trains provided they are not prohibited by the above policy. See the "Carry-on Luggage" section for details on size, weight and quantity restrictions. Amtrak disclaims all liability for items carried onto trains.

- Fragile and/or valuable items, including jewelry.
- Personal electronic equipment, such as laptop computers, CD players, DVD players, digital music players, cellular telephones, etc.
- Prescription items and other medication.
- Oxygen tanks required for medical reasons.

Please note: This is not an exhaustive list. Any item similar to those listed, even if not specifically mentioned here, is prohibited from being carried on board or checked as baggage.

Limitation of Liability: Amtrak disclaims liability for checked baggage above a maximum of \$500 per ticketed passenger. You may declare additional valuation, up to \$2500, upon payment of the applicable charge.

Amtrak disclaims all liability under certain circumstances and for certain items. Claims for lost checked baggage must be submitted within 30 days of travel. For best results, submit the claim at your arrival station; otherwise call Amtrak at 1-800-USA-RAIL and ask for Customer Relations. Claims for damaged checked baggage or for a concealed loss (pilferage) within checked baggage must be submitted at the location where the baggage is claimed, before leaving that location.

Baggage to/from Canada: Baggage to or from Canada will only be accepted on the same train as the passenger. Customs regulations prevent unaccompanied baggage being handled across the border. All baggage must be unlocked for Customs inspection and bear an identification tag with passenger's name and address.

Red Cap Service: Assistance with Baggage - Items handled by Red Caps are not checked baggage, and you are responsible for

them once loaded onto trains. Maximum liability is \$50 per bag. In addition to Red Cap service, many stations have self-service luggage carts available free or at a nominal charge.

For more information about Amtrak baggage policies and services, see a station agent, call Amtrak at 800-USA-RAIL, or go to Amtrak.com.

Amtrak Express®

Amtrak Express Shipping Services: Amtrak offers small package and less-than-truckload (LTL) shipping services to more than 100 cities. Fixed, predictable and frequent schedules, in addition to low rates, make Amtrak Express Shipping more economical than air transportation, yet faster than LTL shipping.

Note: New York Penn Station does not originate Amtrak Express (or human remains) shipments. This station only receives such shipment originating at other Amtrak stations. The Newark, NJ station provides full Amtrak Express services.

Small Package Shipments: Each item must not exceed 50 lbs. (23 kg) and 3' x 3' x 3' (900 mm x 900 mm x 900 mm) in size, with a limit of 500 lbs. (227 kg) per shipment.

Heavy and Commercial Shipments: Many major stations handle packages up to 100 lbs. (45 kg) per package and 4' x 4' x 4' (1.2 m x 1.2 m x 1.2 m) in size, with a shipment limit of 500 lbs. (227 kg). Pallets can be handled up to 500 lbs. (227 kg) per shipment.

◆ Mortuary Services (Human Remains): Amtrak Express offers station-to-station shipment of remains to many express cities. At smaller stations, funeral directors must load and unload the shipment onto and off the train. Certain trains, even though handling checked baggage, are unable to carry caskets due to the type of equipment operated. Consult Amtrak for details.

Information: Visit Amtrak.com/shipping or call toll-free 1-800-377-6914 and consult with Agent for rates, schedules and prohibited articles. (This number does not provide passenger information.)

Special Information

Pre-boarding

Seniors, persons with disabilities, customers traveling with young children and First class customers are encouraged to board trains early at major stations.

Boarding Times

Passengers should be at their boarding stations at least 30 minutes prior to departure. Extra time is recommended if you need ticketing or baggage services. If a train should arrive late, every effort is made to depart as soon as possible. In such cases, the amount of time the train remains in the station may be less than what is shown in this timetable. Since schedules are subject to change, passengers should reconfirm departure times one day before travel, particularly if tickets have been purchased in advance. For passenger safety, Amtrak reserves the right to close boarding gates and discontinue ticket sales prior to the trains' scheduled departure times. Contact Amtrak for specific boarding gate and ticket sales closure times.

Auto Train® Boarding: Auto Train passengers must arrive at the station at least two hours prior to departure. Be sure to make reservations early for vans, oversized vehicles (large SUVs) and motorcycles. Maximum height for standard automobiles is 65 in. (1.65 m). Maximum height for vans and oversized vehicles is 88 in. (2.24 m). Vehicles exceeding 65 in. (1.65 m) in height and 182 in. (4.62 m) in length must reserve oversize space. Minimum ground clearance is 4 in. (100 mm) for all vehicles [motorcycles, 5 in. (130 mm)]. Please refer to page 40-41 for full information.

Special Needs

Customers with disabilities, senior citizens and others needing special seating or special assistance, such as a wheelchair, special food service (72 hours advance notice needed) or baggage assistance, should call Amtrak at 1-800-USA-RAIL as far in advance of travel as possible.

Animals/Pets

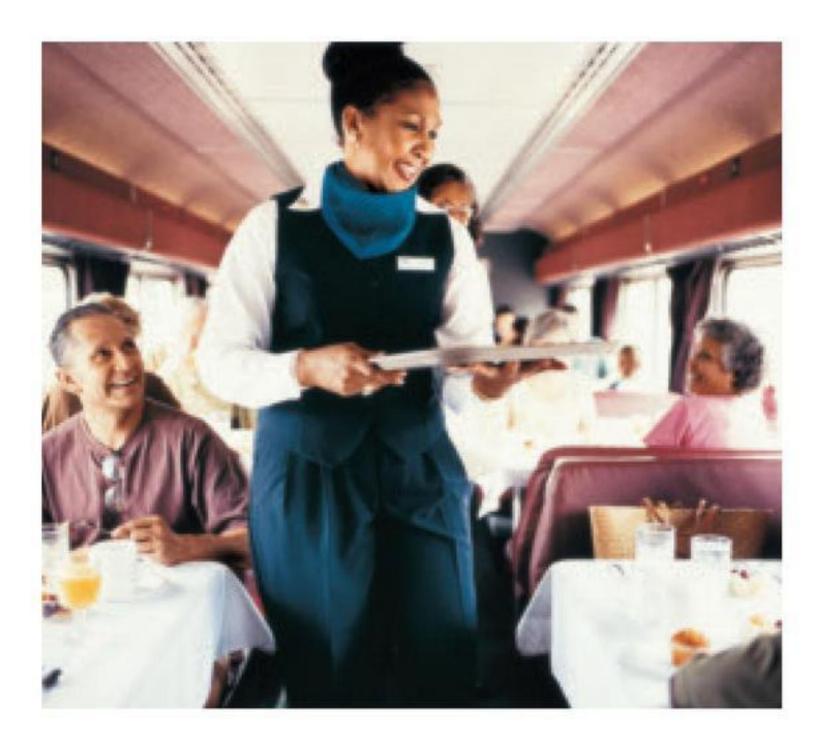

Trained service animals that assist passengers with disabilities are the only animals permitted on Amtrak trains. Trained service animals must be kept under the control of their owners at all times. Owners are responsible for the care and feeding of their animals during the journey.

Unaccompanied Minors

A child under eight years old may only travel when accompanied by a passenger at least 15 years old who has responsibility for him or her. Children aged eight through 14, not accompanied by another passenger at least 15 years old, may travel unaccompanied on Amtrak trains (not on Thruway or other connecting services) between the hours of 6:00 a.m. and 9:00 p.m. if no transfer is required, both boarding and detraining stations are staffed and with prior written permission from the agent or other Amtrak employee in charge at each boarding station. Each child must wear an Amtrak issued wristband. At the time the reservation is made, the name and all relevant phone numbers must be supplied for both the responsible adult bringing the child to the origin station and the responsible adult claiming the child at the destination station. The child will be interviewed prior to departure to determine suitability for travel. Arrive at the station one hour before departure to allow time for this interview and for completing necessary paperwork; if insufficient time is allowed, the child may not be able to travel. Both the person bringing the child to the station and the person claiming the child at the destination must present acceptable identification to Amtrak personnel and both must sign for the child. Full adult fares are charged. Please call Amtrak at 1-800-USARAIL for more information.

? Lost Articles

Please report lost or misplaced articles left on trains or in stations to a station baggage agent as soon as possible. Every effort will be

made to recover the item promptly. Amtrak disclaims liability for lost or misplaced articles.

Lost, Stolen or Destroyed Tickets

Your tickets have value. Please safeguard them as you would cash. Amtrak disclaims liability for lost, stolen, misplaced or destroyed tickets. In order to travel, you will need to repurchase the tickets.

No Smoking

All Amtrak trains, (with the exception of Auto Train), Thruway motorcoaches and stations are entirely non-smoking. Passengers may smoke on station platforms at longer stops as announced by train crews, and must remain next to the track, ready to re-board immediately upon hearing the sound of the locomotive horn and "All Aboard" calls from the train crew. Smoking stops may be shortened or eliminated entirely if the train is operating late. State or local laws may prohibit smoking on station platforms or require that passengers remain a certain distance away from the entrance to the car. On Auto Train, passengers may smoke only in a designated, enclosed smoking room located on the lower level of a Lounge car. If such a car is not on a train due to an equipment substitution, then Auto Train is non-smoking. Smoking is prohibited in all other areas of Auto Train including Coaches, Sleepers, Dining cars, Lounge cars or any other area. All Amtrak stations are nonsmoking, including Auto Train stations.

Food and Beverage Service

Lounge and Café cars offer sandwiches, snacks and beverages all day from early morning until late evening. Dining cars offer full meal service, breakfast, lunch and dinner, appropriate to the time of day. Cross County Café offers all-day casual food service. Hours of operation of food-service cars vary depending on the train operation.

Personal Food, Beverage and Medication

Alcohol: Passengers are not permitted to consume their private stock of alcoholic beverages in a public area. Only Sleeping car accommodations for which a passenger has a valid ticket are considered non-public areas.

Personal Food: Food and drink you bring on the train with you may be consumed at your seat or in your Sleeping car room. Personal food and drink may not be consumed in Amtrak food service cars, except on the upper level of Superliner Sightseer Lounge cars, or in Acela Express or Northeast Regional cafe cars in the Northeast. In other food service cars only food purchased from Amtrak may be consumed.

Unable to heat or store personal items: FDA regulations prohibit Amtrak personnel from heating, storing or handling food, beverages or medication that you bring on board. We can supply ice for your small container if you need to keep medicine cool.

Note: If you require medication en route, carry it with you. Do not pack medication in checked baggage or leave it in your vehicle on Auto Train.

Overnight Travel

On overnight trains, Sleeping car passengers are provided with all necessary bedding for the journey. Except on Auto Train, blankets are not provided in Coach class. Coach passengers may want to bring a blanket and pillow for added comfort.

Personal Electronic Devices

To maintain a pleasant environment for all passengers, Amtrak requires that earphones be used when listening to radios, CD/tape players, DVD players, TVs, etc., and that the volume be kept at a level inaudible to others. Also, in consideration of others, cell phones, pagers, PCs and watches should be switched to "silent" mode. In the evening, personal calls may be placed in the Lounge car. Many trains in the Northeast and other corridors now have an Amtrak Quiet car, in which loud conversations or the use of soundemitting electronic devices or cell phones are prohibited.

Connecting Trains

Amtrak offers connections between many trains, and between trains and Amtrak Thruway motorcoaches. These connections are valid if they are shown in the Amtrak reservation system. Some are also displayed in this timetable. Connections not shown in the reservation system or in this timetable are normally not valid. Connections are also not valid between Amtrak and any other carrier unless that connection is shown in the reservation system. If a valid connection is missed due to a late arriving train or other reason, Amtrak will protect the passenger by providing alternate transportation on another Amtrak train or on the services of another carrier, or by providing lodging or other services until the passenger can resume travel. In some cases this may be done by transferring the passenger from a station other than the normal connection point. Consult Amtrak or your travel agent for more information about connections.

Crossing the US/Canadian Border

Persons crossing the border by land or sea, including on Amtrak trains and Thruway services, must have one secure Western Hemisphere Travel Initiative-compliant document that proves both citizenship and identity. For American citizens 16 and over, this document must be one of the following: passport, passport card, trusted travel card (NEXUS, SENTRI, or FAST), enhanced driver's license, merchant mariner document, military ID with military orders, or form I-872 (American Indian card). For Canadian citizens, one of the following is required: passport, trusted traveler card or an enhanced driver's license. For citizens of other countries, a passport, and in many cases a visa, is required. A passenger 15 and younger who does not have one of the above documents may present a certified copy of his or her birth certificate only. Passengers under 18 not traveling with both parents require a notarized letter from any parent not present giving permission to cross the border. Admission into either country is solely at the discretion of border authorities, and possession of required documentation in no way guarantees entry. When you make your cross-border reservation with either Amtrak or VIA Rail Canada, your date of birth, country of citizenship, and identification information will be required; this information is provided to border authorities. For further information and to determine what is required for your particular situation, contact the appropriate U.S. or Canadian government agencies prior to travel.

Comments on Service

We encourage you to give us the benefit of any comments, compliments or suggestions you may have regarding Amtrak service. Amtrak Customer Relations representatives may be reached at 1-800-USA-RAIL; ask for Customer Relations.

Fares

Amtrak offers a variety of fares. On reserved trains, a range of fares may apply; lower fares are more widely available at certain times of the year. Amtrak will quote and price your travel at the lowest fare available at the time you make your reservation. On unreserved trains, the lowest fares may be restricted during peak travel periods.

Changes to your itinerary may affect the fare, and a fee may apply when tickets are reissued. Some discount fares may require purchase in advance of travel and be non-refundable. Refer to pages 96 – 101 for sample fares and discount programs.

Fares Paid on Trains

When a ticket office is open at the time of departure, the fare is substantially higher if tickets are not obtained prior to boarding and payment is made on the train. At some stations with open ticket offices, payment on the train is not permitted. This higher amount is not refundable. A receipt is issued for all fares paid on trains.

En Route Upgrading of Accommodations

Business class, Acela Express First class and Sleeping car service accommodations can be purchased on board trains if unsold space is still available. Contact the Conductor to purchase an upgrade.

Gift Certificates

Gift Certificates valid for Amtrak travel are available in amounts from \$50 to \$1,000 at Amtrak ticket offices, through Amtrak.com and by calling Amtrak at 800-USA-RAIL.

Fall and Spring Time Changes

Amtrak operates according to the prevailing local time — either daylight saving or standard time. Note: Arizona does not observe daylight saving time. Please read footnotes on trains serving Arizona to accurately determine your departure or arrival time.

LIMITATION OF LIABILITY

The fares, routes, schedules, services and accessibility information shown in this timetable are not guaranteed, are subject to change without notice and form no part of the contract between Amtrak and a customer. Amtrak reserves the right to change its policies without notice. Amtrak disclaims liability for inconvenience, expense or damage resulting from errors in this timetable, shortages of equipment or delayed trains, except that when such a delay causes a passenger to miss a guaranteed connection, Amtrak will provide alternate transportation on Amtrak, another carrier or overnight hotel accommodations at Amtrak's discretion. Amtrak acts only as selling agent for Thruway connecting carriers and disclaims liability for travel on other carriers. Also see page 103 for Thruway service information.

TIPS FOR TRAVELING ON AMTRAK

- Keep track of your belongings. Store carry-on items in overhead luggage compartments, and be sure to collect all of your belongings before you leave the train. Report any suspicious people, packages, or activity to a train conductor, station personnel, or the Amtrak Police Department at 1-800-331-0008.
- 2. For planning your trip or to request train-specific timetables or an extra timetable for a friend, call 1-800-USA-RAIL, download what you need online at Amtrak.com or order online.
- Pack wisely. Carry-on luggage is limited to two bags per person. You may check additional baggage through to your destination on many trains.
- 4. If you are planning to spend more than an hour on board, bring your favorite bestseller and sit back, relax and enjoy every word in comfort. Bring your laptop and create the short story you've always wanted to write.
- 5. Traveling with children can be fun for everyone. To keep them busy, we suggest bringing books, toys, games, crayons or markers and paper and their CD player with their favorite music. To maintain a pleasant atmosphere for all our passengers, headphones must be used when listening to radios, CDs, tapes, etc.
- 6. Arrive at least 30 minutes before departure time to avoid delays. If you are purchasing your ticket or checking baggage, make sure you come even earlier, have your luggage properly labeled with your name and address, and have proper identification.

- 7. Amtrak's main focus is to ensure our passengers have a safe travel experience. Please watch your step boarding and leaving the train. Use the handrails when moving about on board and wear shoes at all times when walking about the train. Take a few minutes to read the Amtrak Safety Instruction card for important information. Never try to board or exit the train while it is moving.
- 8. Amtrak service attendants are there to assist you throughout your trip to make your trip more enjoyable. Tipping is certainly not required, but it is a muchappreciated way to let employees know they have made your trip enjoyable.
- 9. Look for scenic photo opportunities. Our trains pass many beautiful and interesting sights, so bring your camera. If you use film, we recommend medium speed (ISO 200 or higher).
- 10. Train travel gives you plenty of room to move around, stretch your legs and chat with fellow travelers. Hungry for a snack? Visit the Café car, which offers a variety of sandwiches, snacks, and beverages. On long-distance trains, enjoy the Dining car — a family-style restaurant serving freshly prepared foods. You'll most likely be sitting with other travelers who are also enjoying their trip.

How can this be true when experts insist that that you need at least 30 minutes for cardio? \$14,615

The so called "experts" have been wrong all these years. The length of a cardio workout depends on the level of oxygen consumption during the activity.

Walking consumes only 7 milliliters of oxygen per kg of bodyweight per minute (7 ml oxygen consumption / kg / min) and therefore must be done at least for 85 minutes to get an adequate cardio workout. Jogging produces 14 ml / kg / min and therefore only requires 35 minutes. Running at 6.5 miles per hour requires only 12 minutes and running at 4 minute mile speed requires only 3 minutes.

Our ROM machine is so designed that it will give anyone from age 10 to 100 an excellent cardio workout in only 4 minutes. The next complaint from people is usually the \$14,615 price. It turns out that the ROM is the least expensive exercise by a wide margin.

Find out for yourself at www.PleaseDoTheMath.com. We have sold over 4800 ROM machines factory direct from our 82,000 sq. ft. factory in North Hollywood, CA.

Over 90% of our machines go to private homes, the rest to commercial uses such as gyms, doctor offices, military

The typical ROM purchaser goes through several stages:

- Total disbelief that the ROM can do all this in only 4 minutes.
- Rhetorical (and sometimes hostile) questioning and ridicule.
- Reading the ROM literature and reluctantly understanding it.
- Taking a leap of faith and renting a ROM for 30 days.
- Being highly impressed by the results and purchasing a ROM.
- Becoming a ROM enthusiast and trying to persuade friends.
- Being ignored and ridiculed by the friends who think you've lost your mind.
- After a year of using the ROM your friends admiring your good shape.
- You telling them (again) that you only exercise those 4 minutes per day.
- 10. Those friends reluctantly renting the ROM for a 30 day trial. Then the above cycle repeats from point 5 on down.

The more we tell people about the ROM the less they believe it.

From 4 minutes on the ROM you get the same results as from 20 to 45 minutes of aerobic exercise (jogging, running, etc.) for cardio and respiratory benefits, plus 45 minutes weight training for muscle tone and strength, plus 20 minutes stretching exercise for limberness and flexibility.

installations, and offices for the employees to use. Comes fully assembled, ready to use.
